Technical Skillset

APPLICATION DEVELOPMENT [C#, JAVA, MYSQL]

Strong familiarity with using C# and Java to build both GUI and console applications capable of interacting with a DBMS to store and manipulate data. Grounded understanding of functional and object-oriented paradigms, coupled with design patterns such as MVP.

UI/UX EXPERIENCE DESIGN [FIGMA]

Expertise using Figma to create, design and prototype websites & products that tell compelling visual narratives and unique experiences.

WEB DEVELOPMENT [MERN STACK, HTML, CSS]

Experience with using MongoDB, Express.js, React & Node.js to build beautifully functional and responsive full-stack applications from a validated design.

Education

DIPL. INFORMATION TECHNOLOGY / BELGIUM CAMPUS   2023-2026

Study in Design, Development and Management of software projects. I am currently enrolled for my 3rd and final year. My current Year-End project involves creating Machine Learning enhanced glasses aimed at detecting and preventing drowsy driving.

MATRIC CERTIFICATE / GLENVISTA HIGH-SCHOOL   2018-2022

Studied and completed my Matric, with elective subjects including Physics, Mathematics, Engineering Graphic Design & History.
